

## *RUSSIAN LIFELINE* No. 191

July 2015

[ragrout@gmail.com](mailto:ragrout@gmail.com)

Dear Friends and Loved Ones,

Each month this summer we have traveled to an Old Folks' Home in a town about thirty miles from here to sing and share the Gospel with those who need it so much. In the photo above you can see our young singing group along with some of our friends in the Home. Our guitarist, Judy, is the one who took the photo.

The main message of this prayer letter is: ***We are all here!***

Thanks to your faithful prayers and support the ministries of Vyborg Christian Center and our friends, young and old, are continuing. Even though the children from the orphanages are away at camp, some of Judy's friends have been able to see them there at their camp. Every Wednesday our weekly meals and evangelistic meetings have been filled with poor and needy people, some we have known for more than twenty years, plus others who are newcomers.

We are glad for friends who have been able to send teams of evangelistic workers to many places in Russia, especially some of our friends from Finland. The original purpose of the Christian Center was to be a "nerve center" sending out the Gospel message to all parts of Russia. We are still doing that.

The mailing ministries are still helping many prisoners and their families. Although **Anna V.** has been on an extended vacation, **Tamara N.** and **Anya B.** are continuing the correspondence ministries. **Ludmila S.**, our Hospital Chaplain for so many years, is also continuing to visit invalids and hurting people in their homes, although she is no longer working directly for V.C.C.

There are three rehabilitation centers for former drug addicts we are also cooperating with, all under the oversight of **Pastor Valera Tolkachev** (our Director). **Aleksei Glushkov** is now returning from his vacation to resume management of the Christian Center and leading about four services each week. Your prayers for both of these men and their families at this time are especially appreciated. (see *Russian Lifeline* No. 189 for photos)

All that we are is because of HIS Amazing Love,

*Richard & Judy Grout*
