Singing Christmas Tree—Hobe Sound Bible Church

Winter sunrise on Vyborg Castle

Dear Friends and Loved Ones,

From Hobe Sound Bible Church, brightly lit by 45,000 lights designed and installed by our son Luke, to the starry skies of Vyborg, Russia, this winter we hope to complete a journey of 14,000 miles. First of all, we want to thank our many dear friends in Georgia, Tennessee, Kentucky, Ohio, Michigan, Missouri, Kansas, Colorado, Wyoming, Idaho, New Mexico, and Texas who provided wonderful hospitality and memorable meetings every day along the way! Included are some photos of our travels across America. Ahead of us—at the end of January—is another flight across the Atlantic Ocean to the Nordic nation of Finland, and then we cross the border to the Christian Center in Vyborg. This will begin our 25th year in Russia. The ministries and outreaches of many faithful workers to prisoners and needy people all across Russia have not been our work, but it has all been His work. All we have seen accomplished has been only because of His Amazing Love and Grace. Thank you to all who have supported this ministry so faithfully by praying and giving! Best wishes for a **MOST BLESSED CHRISTMAS!**

All for Jesus,

Richard & Judy Grout
